

Dear Member

Today was the expected day for the Farleigh Fields decision - **we have GOOD NEWS!!!!**

We have heard that the **appeal by the developers has been DISMISSED by the Secretary of State.**

The associated document is 104 pages long and will need careful reading to determine the reasons for the dismissal, the role played by our Neighbourhood Plan, and how long we can live in peace!! We will produce a bulletin after the Easter break, with our considered analysis on all the issues.

The result is a tribute to the spirit of the village. We should like to thank everyone who contributed to our Neighbourhood Plan, our advisers and all those involved at the Inquiry in March last year, Backwell Parish Council, **and not least,** the hundreds of people who took the trouble to make their views known to the Inspector with their letters, emails etc.

Let us now enjoy what sunshine the Easter break brings, and maybe take a walk over Farleigh Fields!!!

Best wishes  
From your BRA Committee
